1951 SUPPLEMENT

to the Catalogue of

CARL STARKER GARDENS

Greetings to our Gardening Friends:

We send you our supplement to our 1950-51 list.

Please read it very carefully. You will find many new items of interest as well as a list of items now out of stock. Please consult this list to avoid disappointment when ordering.

We are particularly proud of our growing collection of hardy English ferns. We wish you might visit us during midsummer to enjoy their cool, quiet, restfulness and their endless variation in form and texture. We predict you will catch fern fever.

We are enlarging our collection of plants to include more of the taller growing border perennials and expect to increase our plantings yet further, with new plants from Holland and England.

Please read the **terms of sale** on page 1 of our catalog.

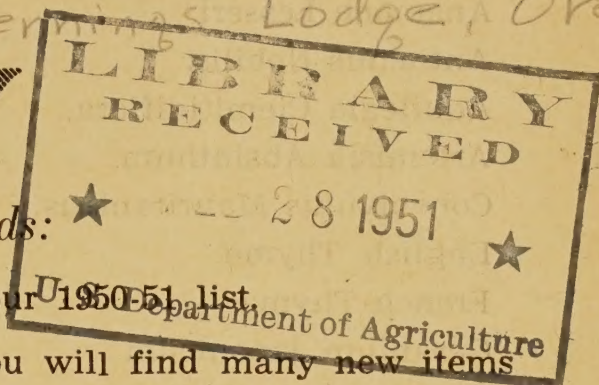

CATALOGUE CORRECTIONS

Bees Ruby listed under **Arabis** should be the 1st item under **Armeria**. The first 6 items on page 7, should also be listed under **Armeria**.

Item **Rosabelle** under **Astilbe** should be listed **Arabis Rosabelle**.

The 3 items at top of page 8 should be added to **Astilbe**.

The mixup on these items has caused some confusion in 1950. We hope the above correction will clarify the matter.

OUT OF STOCK LIST

Acorus gramineus pucillus.	Potentilla Nitida.
Acorus gramineus varigatus.	Primula Julianna Hybr.
Allium Ostrowskyanum.	Bunty.
Anemone Lesseri.	Dusty Pink.

FALL BLOOMING IRIS

Autumn Queen.

NEW ITEMS FOR 1951

AQUILEGIA Dobbies Hybrids. A wonderful strain of English Columbines in a wide range of colors. Long spurred. 35c.

ACHILLEA taygetea. S. Flat lemon yellow flowers. June to Aug. 15 in. 35c.

ACTINEA Herbacea. S. Large brilliant yellow daisy flowers on 6 to 10 in. stems. 35c.

ADONIS amurensis plena. S. Brilliant double yellow daisy-like flowers in early April. Fine cut, lacy foliage. 8 in. New import. Rare. 75c.

ANEMONE fulgens annulata grandiflora. S. Brilliant scarlet, with light yellow centers. Very large flowers. Rare and lovely. 50c.

fulgens St. Bavo. A wonderful strain varying from pink, salmon and brick red to deep carmine, and velvety violet blue. They bloom from March to mid May. Brilliant and attractive. 50c.

ANTHERICUM lilastrum. St. Bruno's lily. S. Spikes of small white lily-like blooms. 2 to 3 ft. high. Grassy foliage. Attractive. 50c.

ARABIS procurrens. Mats of glossy green leaves in flat rosettes. Showy white flowers on 8 in. stems. April. 35c.

ASTER Alpine varieties. S.

Alpinus Albus. 8 in. Large white flowers. June. 50c.

Mauve Cushion. Soft mauve in great profusion. 9 in. Sept. & Oct. 40c.

Subcoeruleus Wartburg Star. Large lilac blue flowers with orange centers. 12 to 15 in. 50c.

Tibeticum. Attractive lavender blooms on 10 in. stems. 35c.

Yunanensis Napsbury. (New) Exquisite soft blue flowers with orange centers. 18 in. 50c.

ASTER Border varieties. S.

ASTER Novi-Belgi. Peace. Glorious new double lavender rose. Exquisite. 3-ft. 60c

ASTER Novi Belgi Plenty. Magnificent semi-double soft blue 2 in. flowers. 60c.

SEMI double sort Prosperity. Very fine deep rose red. Excellent garden effect. 60c.

We have a number of new English border asters. If interested write us.

ASTILBE. In a recent importation from Holland we have acquired the following new sorts. We can spare a few for fall planting. Prices on request.

Bonn, dark carmine pink; **Bremen,** salmon carmine; **Dusseldorf,** deep salmon pink; **Erika,** beautiful tall rose; **Europa,** clear pink; **Gertrude Brix,** carmine red; **Feuer,** deep fiery red; **King Albert,** pure white 6 ft.; **Koblenz,** deep red; **Salland,** purple red; **Vesuvius** finest deep red; **Atorosea,** dark pink; **Praecox,** a soft pink.

CAMPANULA Barbata. S. Rosettes of hairy leaves and 12 in. stems carrying 10 or a dozen large soft clear lavender bells. Easy. 50c.

Carpatica Compacta hybrida. S. Selected dwarf forms with large wide open bells. Colors white, pale or dark blue, in mixture. 50c.

Poscharksyana. S. Dark form. 35c.

Poscharksyana Lavender form 35c.

CENTAURIA Kingdon Ward. S. Mounds of attractive silvery gray foliage. Pink flowers on 10 in. wiry stems. 35c.

CHRYSANTHEMUM maximum Chiffon. S. Attractive heads of lacinated white petals on 16 in. stems. 50c.

CONVALLARIA Majalis. Sh. Lily of the Valley. Dainty fragrant waxy white bells, lovely for cutting. 6 pips. 50c.

COREOPSIS Verticillata. S. Fine cut foliage. Small yellow flowers all summer, pretty. 2 ft. 50c.

CROCUS medius. B. One of the finest fall blooming species with light purple blossoms and orange red anthers. 10c ea.

CYCLAMEN Cilicicum. Sh. Autumn flowering with beautifully marbled leaves. Deep pink, \$1.00.

DIANTHUS Estrellita (Little Star). S. Very attractive new Dianthus with pure white lacy fragrant blooms. 3 in. 50c.

Ethel. S. A handsome large flowered hybrid. Flowers soft pink with a very deep maroon eye produced all summer. 10 in. 50c.

Maggie. S. Semi to full double, deep rose with a dark center. 50c.

Salmon Queen. Large double salmon on 15 in. stems. Sturdy & fine. 50c.

Sweet Memory. S. Double, sweet scented. 2 in. flowers on 8 to 12 in. stems. White with a dark red center. Compact and bushy growth. 75c.

DICENTRA Formosa Sweetheart. S-Sh. 75c.

Spectabile. S-Sh. Old fashioned bleeding heart. Heart shaped pink flowers in long racemes in spring. 75c.

DODOCATHEON Media Alba. Sh. A handsome white form of shooting star. 50c.

ECHINOPS ritro. Thistle like plants with globular heads of deep metallic blue flowers in July & Aug. 35c.

ERYTHRONIUM. Sh. **Dens-Canis.** **Frans Hals.** Light reddish violet. 15c.

Dens-Canis. Pink Perfection. Bright clear pink, very fine and early. 15c.

Dens-Canis. Rose Beauty. Deep pink, bronze leaves beautifully mottled. 15c.

Dens-Canis. Snowflake. Sh. Extra fine white Flower. 15c.

FERNS

We wish to announce the arrival of several shipments of new English Ferns. Their hardy constitution and their exotic forms recommend them well for shade planting. Texture form, and color vary endlessly. Their lacy, frilled, lacinated or crested fronds excite much admiration. We hope by fall to have adequate supplies of named sorts for distribution. If you live near, a visit to our garden in mid-summer will reveal their true beauty.

GYMNOGRAMMA triangularis. Sh. Gold Back fern. Attractive small grower with triangular fronds for rock crevices. The reverse of the frond is sometimes golden, sometimes silver. 4 in. 50c.

POLYPODIUM Polypodioides. Sh. Resurrection Fern. A very tiny licorice fern which disappears in summer. Rare. 50c.

POLYSTICHUM Andersoni. Sh. A rather rare and stately evergreen Western native with attractive dark green 2 ft. fronds. The fine cut pinnae are apt to proliferate near the tip of the frond and form new plants. Sturdy young plants 75c and \$1.00 ea.

SCOLOPENDRIUM undulatum. Sh. A ruffled form with fronds resembling old fashioned ribbon candy. \$1.50 ea. Imported.

SCOLOPENDRIUM frilled. Sh. Fronds beautifully waved and frilled. Wide and lovely. \$1.50.

FESTUCA glauca. S. Dense tufts of narrow steel blue leaves. Decorative. 12 in. 35c.

FRAGARIA Alpina S. Baron Sollemacher. Everbearing Alpine bush strawberry. No runners. Neat and attractive. 35c.

GENTIAN angustifolia. S. The best form of the acaulis group. Brilliant sapphire blue trumpets. 4 in. 75c.

GEUM Montanum. S. Clumps of rich green leaves and bright golden flowers on 4 in. stems. Well worth growing. Easy. 50c.

HELENIUM. Chippersfield orange. S. Showy clusters of large orange flowers. 3 to 4 ft. 50c.

Pumilum Magnificum. S. Very handsome deep yellow. 2 ft. 50c.

HELLEBORUS. Niger Buis. S. Sh. Very large flowered white form imported from Holland. \$2.00 ea.

Niger Kessen. S. Sh. New superior strain. Valuable on account of its 12 to 14 in. stems and large sized flowers. \$2.50 ea.

Orientalis Hyb. Atrorubens. S. Sh. Exquisite large purplish red flowers. New from Holland. \$2.00 ea.

HEMEROCALLIS Agnes James. S. An attractive low growing early flowering deep orange day lily of fine form and substance 12 to 14 in. 50c.

- HEPATICA Triloba Blue.** Sh. European. The rare and lovely rich blue form. 75c.
- HOSTA Lancifolia aurea.** Sh. A very decorative form with golden foliage. Rare. \$1.00.
- JUNCUS effusus spiralis.** S. An odd plant with rush like leaves twisted spirally. 15 in. 35c.
- LAVENDULA Nana Compacta.** A very dwarf variety. Only a few inches high. 50c.
- LITHOSPERMUM Zollingeri.** S. Creeping stems of hairy gray leaves and terminal clusters of deep blue flowers. Easy. 50c.
- MAZUS rugosa.** S. A dwarf creeper with bronzy green leaves and lilac snapdragon like flowers. 1 in. 35c.
- MONARDA Cambridge scarlet.** S. Attractive summer border plants with showy scarlet blossoms. 50c.
- Didyma.** A soft lavender lilac. 50c.
- Salmon Beauty.** Showy heads of clear salmon pink. 50c.
- Snow Queen.** A fine clean white sort. Late. 50c.
- MUEHLENBECKIA Nana.** S. Attractive dwarf carpenter with black wiry stems and small round dark green leaves. 6 in. 50c.
- MYOSOTIS Explanata.** S. Evergreen rosettes bearing large white flowers with golden eyes. 50c.
- NARCISSUS bulbocodium citrinum.** B. The sulfur yellow hoopskirt daffodil. 7 in. 25c ea.
- bulbocodium obesus.** A distinct form of N. bulbocodium with shorter stems and later flowers. Leaves quite prostrate. 25c.
- rupicola.** B. Allied to N. Juncifolius with small bright yellow flowers, with a 6 lobed Corona. Leaves 3 sided and upright. Height 4 in. 35c.
- OMPHALODES Cappadocica.** S-Sh. Clumps of oval pointed leaves bearing numerous 9 in. sprays of brilliant blue forget me not flowers. A very beautiful plant. 75c.
- PENSTEMON, rupicola.** S-Sh. A dwarf prostrate trailer with rounded thick gray leaves and large rosy crimson flowers in July and August. Likes poor dry soil in deep rock crevices. 50c.
- rupicola alba.** S-Sh. The rare white form of the above. 75c.
- species unknown.** S-Sh. A 2 in. dwarf form perhaps allied to Menziesie with lovely pink blossoms. 75c.
- PHLOX paniculata.** S. Sh. Plant these for vivid summer color in sun or afternoon shade. Their large florets in huge trusses make a wonderful showing for the border.
- American Beauty.** Handsome clear rose pink. 60c.
- Anton Mercier.** Lavender shaded white. 50c.
- Border Gem.** Purple red. 50c.

- Chas. H. Curtiss.** Intense orange scarlet. 50c.
Ethel Pritchard. Handsome large flowered lavender blue. 50c.
Frau Anton Buchner. Large white, late. 50c.
Graf Zeppelin. Pure white with a carmine eye. 50c.
Harvest Fire. Brilliant salmon pink to orange. Late. 60c.
Jeanette. Soft pink. 50c.
Lillian. Delicate salmon pink. 50c.
Leo Schlageter. Fiery scarlet with glints of orange. 50c.
Mary Louise. Large glistening snow white heads. 50c.
Mrs. R. P. Struthers improved. Deep rosy salmon with red eye. large flowered. 50c.
Painted Lady. Cameo pink with a dark eye. 50c.
Purple Krone. Deep purple, outstanding. No other phlox like it. (Holland introduction). 60c.
Sweetheart. Pure deep salmon pink. 50c.
San Antonio. Dark blood red, shaded plum. 60c.
Von Hochberg. Brilliant rose red. 50c.

We have a number of other sorts in small supply. Write us if interested.

PHLOX pilosa. S. Narrow rough leaves and bright carmine rose flowers on 6 to 9 in. stems in May or June. 50c.

stolonifera. S-Sh. Evergreen carpets of little leafy rosettes and clusters of large lavender blue flowers on 4 in. stems in May. 35c.

POLEMONIUM coeruleum. S. Good green ferny foliage topped with a shower of showy light blue flowers in June. 10 in. 35c.

POTENTILLA Lady Rolleston. S. An 18 to 20 in. grower, with large showy double Geum like blossoms. Each flower shaded in vivid orange, yellow & red. Much admired in the garden. 50c.

PRIMULA Auricula. S-Sh.

Darlymple strain. Handsome large velvety blooms with vivid rich colors and sharply contrasting eyes. \$1.00.
